RUSSIAN LOSSES ABOUT 500,000

Berlin Correspondent Declares
Strength of Armies in Car-
pathians Broken.

TWO MILLION MEN IN BATTLE

Struggle in Mountains of Galicia to
Be Greatest in History—Bodies
Lie in Heaps Before the
Allied Lines.

Berlin, April 19.—War correspondents at the Austrian headquarters have taken advantage of the pause in the battle in the Carpathians to summarize the results of the Russian efforts to break through the mountain barriers, which have progressed as a continuous gigantic battle since the fall of Przemyśl.

The Russians, who hurled massed troops first against one and then another part of the line, succeeded in advancing their own line slightly in the depression south of Dukla pass, where they held a considerable area of the southern slope of the mountains. They also forced the Austrians to straighten out the big northern bulge in their line east of this point, between Lupkow and Uszok passes, where it had pushed forward well into Galicia toward Przemyśl in the February operations. The rest of the Austro-German line has not held under the furious Russian attacks, but has advanced materially eastward of Uszok pass.

Put Russian Losses at 500,000.
Eugene Lennhoff, correspondent in the Carpathians for the Zeitung Am Mittag, estimates that the Russian losses in killed, wounded, sick and prisoners in the attempt to force a way through the passes is at least half a million. In this connection, Herr Lennhoff says:

"The strength of Russia's proud Carpathian army is broken without coming any nearer the goal for which the Russian leaders cast everything into the balance. Its losses are prodigious. Bodies lie in heaps before the allied lines."

Herr Lennhoff says that he believes the after-effects of this struggle, like the winter battle in the Champagne district, will be highly important. The Russian troops, he asserts, are greatly exhausted, and he expresses the opinion that their offensive power probably is seriously crippled.

Battle "Greatest in History."
The correspondent of the Lokal Anzeiger describes the Carpathian operations as the greatest in history. He says that fully two million men altogether have been engaged in this conflict. The battle, he continues, has taken a heavy toll from the Russian nobility, large numbers of young guard officers having recently been assigned to this front.

One hundred and fifty members of the guard were killed in an engagement near Kono, alone. Lieutenant-Colonel Lisosofsky and Maj. Gen. Nikolai Kalmitsky were among the severely wounded Russian officers. The correspondent says that Grand Duke Michael, younger brother of the emperor of Russia, is understood to command a division on this front.

After a few spring days winter weather has returned over the Carpathians. The dispatches say the Russians seem to have suspended their offensive movements.

LEFT A \$1,500,000 ESTATE

Will of the Late Mrs. John D. Rockefeller Is Filed for Probate in the
Surrogate's Court.

New York, April 19.—Mrs. John D. Rockefeller, who died recently, left an estate valued at \$1,500,000, according to her will, which was filed for probate in the surrogate's court. Mrs. Rockefeller disposed of about \$300,000 by special bequest and the balance was bequeathed to Baptist institutions. Mrs. Rockefeller left various sums to her children and bequeathed a ruby and diamond ring to her husband. Among the Baptist institutions benefited is the Euclid Avenue church of Cleveland, O., and the Spellman Seminary of Atlanta, Ga.

CAR HITS OIL WAGON; BURNS

One Man Injured in Collision at Blue Island—1,500 Gallons of Burning Gasoline in Street.

Chicago, April 19.—One man was injured, three horses were killed and a Kankakee Interurban car was destroyed by fire, as the result of a collision between the car and a wagon containing 1,500 gallons of gasoline in Blue Island, a suburb.

Daniel Savino, driver of the wagon, was taken to St. Francis hospital suffering from a broken leg and other serious injuries.

Burning oil was scattered along the street near the scene of the accident, before the blaze was extinguished and the car was destroyed.

Lull in Operations.

Paris, April 19.—A lull has fallen upon operations in the western theater of war. In an official statement issued here the French war office states that there is nothing new to report.

MRS. H. W. F. WARDEN

Mrs. Warden, wife of a British lieutenant and herself an American woman, met her husband in England recently, took him aboard a steamer on which she had passage for America and locked him in her stateroom, bringing him across the Atlantic. She imagined she had kidnapped him, but he afterward admitted he had obtained leave and intended to accompany his wife to this country.

MORE GERMAN FLYERS

Teutons Increase Aerial Activity
Near the Narew River.

Violent Fighting Continues in Carpathians, Although Melting Snows and Floods Hinder Operations.

By FRANCIS LAVELLE MURRAY.

Petrograd, April 19.—While violent fighting continues between the Russian and the Austro-German armies in the Carpathians, the German army in Poland, near the Narew river, has developed aerial activity on a scale hitherto unknown in the eastern theater of war. In an official statement issued here the Russian war office announces that whole flotillas of German flying machines are bombarding towns and villages in the Russian lines and on some of the communities, as many as one hundred and eighty bombs being dropped in a single attack.

Roads and melting snow are hindering troop movements. The Dniester river is in flood, having risen 12 feet. The official statement follows:

"In Galicia, east of the region of Czernowitz our reconnoitering parties on April 14 forced their way through the enemy's wire barriers by a bayonet charge. The Austrians were dislodged from two lines of trenches. During the action the enemy lost heavily and we captured three officers and 50 men.

"In the Carpathians, regiments of several divisions of cavalry have given up their horses for use in the artillery. The cavalrymen have been converted into infantrymen, but are handicapped in their operations by the fact that there are no bayonets on their carbines.

"Rains during the past few days have caused the snow to melt. The river Dniester has risen 12 feet and mountain streams have become torrents.

"Activity of the enemy's aeroplanes have become particularly manifest in the regions of Ostrolenka, Novgorod and Czernanoff. Hostile machines, flying in flotillas, throw as many as 180 bombs upon a town or village in a single raid, but the damage done is inconsequential. Our aviators have replied, but are less extravagant in their use of ammunition than the Germans. However, we use bombs of higher power than the enemy."

ALFRED TAPPEN TO BE SHOT

U. S. Citizen Tried by Mexican Court—
Martial Gets Death Sentence—
Bryan Trying to Save Him.

Washington, April 19.—Word has reached Washington that Alfred Tappen of New York, an American citizen, has been sentenced to be shot by Mexicans in Yucatan, following a court-martial.

Secretary of State Bryan directed Consul Silliman at Vera Cruz and the American consul at Yucatan to do everything in their power to prevent the execution until an investigation is made. The offense with which Tappen is charged is not known here, but is believed to be political.

BIG WAR MATERIAL ORDER

Baldwin Locomotive Works to Supply
\$20,000,000 Worth of Fu-
siles to European Nations.

New York, April 19.—It is understood that the Baldwin Locomotive works has received an order for \$20,000,000 worth of war material. This order is separate from the one secured from Russia by the American Locomotive company. Details of the Baldwin order are not available, but will probably be made public in a few days.

HOT FIGHT ON IN D. A. R. MEETING

Twenty-Third Annual Convention
of the Society Convened in
Washington.

TWO CANDIDATES IN FIELD

Mrs. George T. Guernsey Opens Con-
test to Succeed Mrs. William C.
Story as President—Close
General Election Expected.

Washington, April 19.—Mrs. George T. Guernsey of Independence, Kan., today opened her contest to succeed Mrs. William Cummings Story of New York as president general of the Society of the Daughters of the American Revolution, at the twenty-third annual convention of the order held in Continental Memorial hall.

President Wilson is on today's program for an address to the Daughters while other speakers were H. Jules Jusseland, the French ambassador; John Barrett, director general of the Pan-American union; Mrs. John Hays Hammond, wife of the mining engineer, and Rogers Ballard Thurston, president of the Sons of the American Revolution. Bishop Harding of Washington delivered the invocation.

Only Two Candidates.
Chief interest centers this year in the contest for the presidency general of the society. For the first time in several D. A. R. elections there are but two candidates, Mrs. Guernsey and Mrs. Story. For the last few days Washington hotel parlors and women's clubrooms have been buzzing with expectation talk, and the election is expected to be a close one.

Tonight Mrs. Story will hold a reception in honor of the delegates at the Continental Memorial hall and on Wednesday afternoon President Wilson will receive the delegates in the east room of the White House. There will be several business sessions during the week with reports to be read and resolutions to be adopted.

The fight between the administration and the anti-administration candidates has grown very warm. Mrs. Guernsey has issued a platform, in which she makes many charges against the present administration.

In her platform Mrs. Guernsey says it is an outrage that Mrs. Mary C. Bassett, historian general, who has switched to the Guernsey side, should have been humiliated, first by taking the records of her office away from her, and second, by being refused acknowledgment by the national board, of which she is a member.

Plan No. 4, which innocently enough reads: "No mileage for officers or committee chairmen," has enough material to fill a whole day with lively interest. The mileage account of the present general will probably be attacked.

One of the spots promised is in the plank which calls for the publication of the official organ of the society by a responsible firm. The magazine might be one of the "powder" kind, so thoroughly has it served to set each annual congress ablaze. Last year the chief battle centered about the chairman, Miss Finch of New York, who was openly accused of mismanagement.

Mrs. Guernsey's slate.

Mrs. Guernsey's slate names Mrs. John W. Langley, wife of the representative from Kentucky, for recording secretary general; Mrs. Woodbury Pulsifer of the District of Columbia for corresponding secretary general; Mrs. Florence Parker McIntosh, District of Columbia, for organizing secretary general; Miss Catherine Elizabeth Custer, District of Columbia, for registrar general; Mrs. Charles P. Grandfield, for treasurer general; Mrs. George W. Hodges of Maryland, for historian general; Mrs. Robert Alexander of Pennsylvania, for director general; Mrs. Edward H. Kellogg of Massachusetts, as librarian general, and Miss Sophie Grace Casey, District of Columbia, for currier general.

ONLY ONE AIRSHIP IN RAID

Single Zeppelin, Not Three, Carried
Out Aerial Attack Over South-
east Coast of England.

Berlin, April 19.—According to the German admiralty, one Zeppelin and not three carried out the aerial raid over the southeast coast of England early Friday morning. It returned safely to its base. The following announcement was given out:

"During the night of April 15-16 a German naval airship successfully bombarded several defended towns on the southeast coast of England. The airship was met with heavy fire during the attack, but returned safely."

EL-ARISH SHELLED BY SHIP

French Cruiser, Supported by Hydro-
planes, Bombards Camps of Tur-
kish Troops on Mediterranean.

Paris, April 19.—The ministry of marine announced that a French cruiser, supported by hydroplanes, successfully bombarded the works of El-Arish and the camps of the Turkish troops concentrated around that town. El-Arish is a Turkish fortress on the Mediterranean sea about 93 miles east of the Suez canal.

PLAN TO END STRIKE

State Board of Arbitration May
End Chicago Strike.

Building Operations of City Are Pa-
ralyzed and Fully 125,000 Men
Thrown Out of Work.

Chicago, April 19.—Hopes of early peace in the building trades war that has paralyzed building operations in Chicago and has thrown out of employment fully 125,000 men, loomed large when the state board of arbitration through Chairman Les J. Winkele, announced its proposed plan to get the opposing sides together.

The members will first discuss the labor situation in Chicago among themselves and then representatives of the carpenters' union and employers will be called into conference. These propositions are to be submitted to the men and the contractors.

1.—That the trouble between the carpenters and employers be submitted to arbitration with Bishop Paul P. Rohde of the Catholic church, Bishop Charles Palmerston Anderson of the Episcopal church and one member of the state board as arbitrators.

2.—That the trouble be submitted to arbitration with John Metz, president of the Carpenters' District council, the president or one officer of the Building Construction Employers' association and one member of the state board as arbitrators.

3.—That the trouble be submitted to arbitration with the employers selecting one member, the carpenters another and these two to select a third arbitrator.

"If none of these propositions is accepted," said Chairman Winkele, "then we will hold public hearings and let public sentiment force an agreement. The public is not in a mood to stand for turmoil in the building industry. The public does not want to see any trouble just at this time."

WAR GAME STARTS IN TEXAS

Ten Thousand United States Troops
Divided Into Two Armies Begin
Imitation Conflict.

Texas City, Tex., April 19.—Ten thousand United States troops belonging to the Second division started an extensive war game here today. Many visitors are coming here long distances to see the maneuvers, which simulate closely actual conditions of conflict.

All of the service—infantry, cavalry, artillery and hospital corps—are represented. The division has been subdivided into two armies. The commander of each side will know of the movements of the "enemy" only as he learns of them through his scouts. Umpires have been appointed who will report the game fully to Washington. Full field equipment of rations, arms and ammunition will be carried by the troops. Battles will be fought, towns and villages attacked and defended, trenches dug and forced marches made. The game will last 12 days, terminating April 30.

ANTEWAR MESSAGES LET GO

German Censors Release Telegrams
Dated in July of Last Year—Large
Number From America.

Berlin, Germany, April 19.—Considerable amusement was caused here by the censors releasing a large number of foreign telegrams dated July 31 and August 1 of last year. The newspapers were able to announce Russia's order for a general mobilization and other antebellum news. Among the dispatches released was a large number of American messages.

Thaw in Plea for Stay

New York, April 19.—Following the decision of the appellate division of the supreme court that Harry K. Thaw must be returned to Matteawan, his attorneys decided to take the case to the court of appeals with a plea for another stay, pending a review by that tribunal.

CELL-HOUSE AT FRANKFORT PRISON

IN WORST CONDITION THEY HAVE
EVER SEEN, MISSOURI COM-
MISSIONERS ANNOUNCE.

CONTRACT SYSTEM DECRIED

Board of Prison Commissioners Leave
For New York City After Investi-
gating at Frankfort.

(Special Frankfort Correspondence.)
Frankfort.—John T. Barker, attorney-general and Democratic candidate for governor; John P. Gordon, state auditor, and E. P. Deal, state treasurer, comprising Missouri's board of prison commissioners, left for New York after having visited the state penitentiary at Frankfort. They condemned the contract system of labor in the prisons of Kentucky and other states, and say they will abolish it when they return to Missouri.

They said the cellhouse at Frankfort is the worst they have seen, but they praised Warden Wells and the reforms he had instituted at Frankfort. After seeing the New York prisons the commission will visit Massachusetts, Michigan and Ohio.

Government Demonstrator.

R. H. Felt, of Springfield, Tenn., government farm demonstrator, employed through the co-operation of the Franklin county fiscal court and the national department of agriculture, arrived to take up his work. Mr. Felt said that he expected to begin his demonstration work just as soon as he can acquaint himself with the agricultural element of the county and acquire a knowledge of conditions. Besides conducting demonstrations of farm management, his duties will include acting as expert adviser in regard to care of the soil, crop rotation and cultivation, and all other practical questions connected with the agricultural industry, and he will be at the service of the farmers constantly.

Pushing Cumberland Gap Route.

Eastern Kentucky counties are joining in a movement to divert the route of the proposed Dixie highway through Cumberland Gap to Knoxville and thence along the valley of the French Broad and Tennessee rivers to Chattanooga. The route proposed by them and set forth in maps sent out from Knoxville would enter Kentucky at Louisville, pass through Shelbyville, Frankfort and Versailles to Lexington, then to Richmond, London, Barbourville, Pineville, Middleboro and on through Cumberland Gap toward Knoxville. This is the route of travel in the stage coach days to the south.

Elkin Sends Circular.

State Commander M. F. Elkin, who is making an effort to stir up sentiment among the Maccabees to bring the national meeting of the order to Kentucky next year, has sent a circular letter to the Maccabees in which he urges them to manifest such an interest in the state convention April 23 as to show Supreme Commander D. P. Markey, who will be present, that the state is alive. Commander Elkin also urges the advisability of a large class of candidates for initiation at the state convention as a substantial testimony of the work of Lexington members for the growth of the order.

Assessments Increased.

The state board of equalization made tentative increases in the assessment of the following counties in the Third Appellate district: Adair county, 8 per cent on lands, 20 per cent on lots; Barren county, Green county, Spencer county and Wayne county, 12 per cent on lands; Clinton county and Pulaski county, 10 per cent on lands; Hardin county, 15 per cent on lands; Hart county and Letcher county, 8 per cent on lands; Metcalf county and Ojdham county, 6 per cent on lands.

Finds No Evidence.

What was expected to be a sensational report of the Franklin county grand jury, which was discharged after investigating charges made against the present city administration, turned out to be a mild document, saying "we found no evidence of fraud or graft." The grand jury visited the reformatory and reported: "We desire particularly to commend the present warden of the reformatory."

Erect Hospital.

Plans for the erection in some part of Kentucky of a hospital for the treatment of members of the order were considered by the members of the Ladies of the Maccabees of the World, in session at Louisville. The meeting was the quadrennial convention of the Kentucky order.

Unidentified Man Killed.

The mangled remains of an unidentified man, about 30 years old, were found along the right-of-way of the Louisville & Nashville about six miles west of Frankfort by the crew of an extra freight from Louisville. They were brought here. The only possible means of identification was a postcard and a letter addressed to "Roger Manly, Main and MacGowan streets, Lexington, Ky." The postcard was postmarked Cincinnati and alleged "John" occupants were buried with terrific force against a telephone pole.

JAPANESE ASSISTING REVOLT IS HEADED BY JAPS IN VICINITY OF TSING-TAU, PE- KING IS INFORMED.

Hung-Hutze Bands Are Looting Shan-
tung on Pretext of Uprising
Against President.

Western Newspaper Union News Service
Peking.—Considering the fact that the Japanese gave assistance to Dr. Sun Yat Sen in his rebellion against President Yuan Shi-Kai, and that Dr. Sun retired to Tokyo after the revolt was put down, the report is credited in official circles here that Hung-Hutze bands from South Manchuria, led by Japanese, are now marauding on the Shantung peninsula in the vicinity of Tsing-Tau, with banners inscribed "Vanguard of the Army Against Yuan Shi-Kai." The Chinese government lodged another protest with Tokyo regarding the reported movement of Japanese troops in Shantung, and also, it is understood, alleging that Japanese troops prevented Chinese troops from pursuing bands of brigands, near Tsinio, in neutral territory north of Tsing-Tau.

Chinese government reports are said to confirm the newspaper accounts of an alleged agreement between Dr. Sun and Japanese agents for Japanese support with money, arms and men for another revolution. Numerous executions in several centers, including Peking, of emissaries of Dr. Sun are now taking place, the law in China not being sufficiently advanced to give these men fair trials. Little beyond the denunciation of alleged offenders by detectives is necessary to bring about an execution.

CLAMOR FOR BREAD GROWING.

Verona.—Travelers from the interior of Austria bring reports of increasing unrest resulting from the insufficiency of the bread allowance, which, although it has been increased, still is considered inadequate. Demonstrations against the war are said to be increasing in numbers and violence, especially in Vienna and at points in Bohemia, where mobs are reported to have sacked storerooms in which were stocks of provisions for the army. In Trent crowds of women from the surrounding villages, it is declared, held a demonstration in front of the town hall, the townspeople joined in the demonstration, demanding bread or peace. Troops are reported to have been summoned, but the burghers intervened and promised to increase the daily allowance of bread from 210 to 300 grams.

FATHER AND MOTHER KILLED.

Arlington, N. J.—Running at terrific speed down a steep hill near here the automobile of Alfred T. Terhune, of Passaic, plunged over an embankment. Mr. and Mrs. Terhune were instantly killed. Roger Terhune, their six-year-old son, may die.

PARENTS KILLED IN AUTO WRECK
Kalamazoo, Mich.—Mr. and Mrs. Paul Pare are dead and their little 14-year-old girl, Marie, is suffering from (frightful injuries as the result of an auto accident. Frank Harritt, 48, who was in the car, is also badly hurt. William Sharpless, owner and driver of the auto, escaped without injury. Sharpless started to turn his machine in front of a street car, but misjudged the speed of the street car, and it hit the auto squarely. The auto and its occupants were hurled with terrific force against a telephone pole.

The clean-up campaign is bearing fruit in West Liberty. There are still a few delinquents but it is gratifying to note the promptness with which most of our citizens responded. We ordered a full page of clean-up literature in plate form but were informed by the people who prepared it that the demand had been so great the supply was exhausted. We were disappointed in not getting it, but the campaign will go on anyhow.
 If we will all work in concert we can have practically a flyless town this summer.
 Let's all pull together!

BEN F. KENNARD ANNOUNCES FOR CIRCUIT COURT CLERK.

In this issue we call attention to the announcement of Ben F. Kennard, of Logville, for the democratic nomination for Circuit Court Clerk. His announcement appeared last week but was too late to be placed in the regular column for announcements.
 To many of our readers Mr. Kennard needs no introduction. To those who do not know him personally we wish to say that he is a young man of splendid character and sterling worth, and a democrat among democrats. Although young in years he has given much time to his party and in its service he has never been found lagging. He comes of a family whose allegiance to the principles of democracy has never been questioned. He has taught in the rural schools successfully for a number of years and is an attorney at law of considerable ability which fact peculiarly fits him for the duties of the office to which he aspires. He is sober, moral, and honest to a fault. He proposes to make the race free from alliances or entanglements, and vouchsafes a faithful performance of his official duty if nominated and elected.
 We ask for him mature consideration at the hands of democratic electorate of Morgan county.

POOR OLD MORGAN.

Below will be found a list of the Kentucky counties that have asked for and received their proportion of the State road fund, together with the amounts received by each. What did Morgan get? A black eye and a bad name. A stigma that will last through all the years. A backward push in her struggle to maintain a place in the line of progression's march. An underhand blow from the effects of which she will not recover until most, if not all, of her sister counties have outstripped her in the race.
 Wolfe is the only adjoining county that failed to apply for State aid.
 Following is the list of counties which will get their share of the State fund:
 Franklin county will receive \$8,742 out of the State road fund.
 Thirteen counties will draw the full amount allowed by law out of the fund this year, \$13,164, according to the estimate just completed by Commissioner of Roads R. C. Terrell. It is based upon the 1914 assessments and levy, excepting in a few instances where failure of the counties to report made it necessary to use the 1912 returns.
 The counties, which will draw the full two per cent are Bourbon, Campbell, Christian, Clark, Daviess, Fayette, Graves, Jefferson, Kenton, Mason, McCracken, Nelson and Shelby.
 The amount it is estimated each county will receive from the State road fund is based on the ratio the road levy of that particular county bears to the total

levy for road purposes of all the counties, \$2,071,571. The estimated road fund is \$658,220.
 After apportioning the money on this basis a balance of over \$100,000 was redistributed within the limits of the two per cent, which is the maximum any county is allowed to draw, and also not exceeding the total amount appropriated for State aid work, including private subscriptions. In no case was a county allotted more than it asked for State aid, as some portions of the county levies naturally will be used for other work than that undertaken according to the law governing State aid projects.
 The distribution to counties issuing bonds will be based upon their road levies and special tax for sinking fund purposes; but the latter does not figure in this estimate as the Commissioner had before him only the 1914 levies to guide him.

THE COUNTIES.

The amounts it is estimated each county will draw from the State fund follow:

Adair	\$3,249
Allen	3,443
Anderson	7,095
Ballard	2,790
Barren	5,899
Bath	5,664
Bell	8,671
Boone	9,426
Bourbon	13,194
Boyd	9,603

Farm Sanitation.

Farm sanitation is scarcely appreciated by the practical farmer unless it be presented to him from the dollar and cents point of view. If it can be convincingly shown that better farm management, in so far as sanitary science is involved, will insure an increased yearly income, it will not be necessary to force farm sanitation upon the Kentucky farmer.

While the four great diseases—infectious abortion, hog cholera, blackleg and tuberculosis—to which Kentucky live stock are quite subject, are caused by living germs, it may be safely said that their existence in a herd is largely the fault of the owner of the herd. Infectious abortion may be controlled and even eradicated from the premises by the intelligent use of hygienic methods. With the aid of one's power of observation, the liberal use of air slacked lime, the isolation of infected animals, and the disinfection of the sire before and after service, much can be done to insure the accomplishment of the desired results.

One cannot enter upon the discussion of the relations existing between financial welfare and rural sanitation without giving some consideration to hog cholera. The writer has seen this great burden of the swine industry absolutely controlled on individual farms by the intelligent use of sanitary measures. The killing of all sick animals and their disposal by burning, together with liberal use of air slacked lime, the most efficient and inexpensive disinfectant to be purchased, will do much to alleviate the financial loss which is being incurred year after year by supposedly intelligent breeders.

It has been said that if the American farmer would evince as much enthusiasm over methods of cleanliness before he gets into trouble as he does over fake cures after the trouble has arrived, the financial condition of rural communities would be several years in advance of its present stage, and as a result of this increased prosperity better schools and better roads could be had in rural districts.

In a discussion of this nature one must not overlook the greatest factor which is involved in all undertakings of a community nature—cooperation. The success of any attempt to control diseases of live stock by sanitary or other methods is jeopardized by lack of co-operation of the inhabitants of that community.

As an example of the great results to be obtained, one county in another state in which an organization of the farmers was perfected may be cited to advantage. During the season of 1913 5000 hogs were lost by the farmers from hog cholera. In the beginning of the 1914 season a concerted effort was made in the State Experiment Station to organize that county into a perfect unit to fight hog cholera. With the application of sanitary measures and the judicious use of anti-hog cholera serum alone—no virus being allowed in the district—the loss of swine from all causes during the 1914 season was held down to 600 head. Community organization will do more for the farmer than any other agent that can be employed. On application to the Director of the Experiment Station anti-hog cholera clubs, or sanitation clubs will be organized.

L. R. Himmelberger, Veterinary Department, Biological Laboratory, Kentucky Experiment Station.

Precept vs. Example.

He told his twenty-year-old son to milk the cows, feed the horses, slop the pigs, hunt the eggs, feed the calves, catch the colts and put him in the stable, chop some wood, split the kindling, stir the cream, pump fresh water in the creamery after supper and be sure to study his lessons before he went to bed. When he went to a farmer's club to discuss the question, "How to manage the boys on the farm," he said:

Possibly the secret of Gen. Scott's success in pacifying the Plute Indians is that he treats them as human beings.

An Editor's Commission.

Not long ago a man came into this office and stopped his paper because he said it was always printing a lot of things about the same people and he was sick of it. Now when something goes wrong with the country the government appoints a commission to investigate and find out what is the matter, and the first thing a commission investigates is the man who made the holler to see if the holler was a reasonable holler. So we appointed a commission consisting of ourselves to investigate this man. We just followed the man's career ever since we knew him. The first thing that happened to that man was that he was born, but he had nothing to do with it. However, we mentioned him, although his parents were entitled to the credit. When he was in his early twenties he got married. We mentioned that, including the name of the bride, the preacher, etc., in fact we mentioned everything but the preacher's fee, which was not worth mentioning. We never mentioned the fact that he never won any premiums at the county fair, because he never exhibited anything. We never mentioned his name in the list of committees, because he never attended anything. We never mentioned his name in the list of donors, because he never donated as much as a doughnut. We certainly have been treating this man shamefully, but we will agree to run a nice obituary when the time comes.—Litchfield (Ill.) News-Herald.

Publicity.

When a man gets into trouble and the newspapers are forced to make note of the occurrence, he does not suffer from the publicity occasioned, but the father and mother, brother and sister, wife and children are forced to undergo the deepest humiliation.

We don't believe that there is a newspaper editor in the world who likes to print a story which is bound to reflect on the family of the subject. However, newspapers must print the news if they are to fulfil their mission and consequently hurt many people unwittingly.

Our advice to the people is to refrain from doing wrong if they care anything about their relatives. A man who lives a clean life never appears in a newspaper unless it is a laudatory mention.—Ashland Independent.

Getting Even.

"They take things rather easy in many parts of Arkansas," observed a man from the East whose business took him thither quite frequently.

"I remember that in one town the proprietor of the general store almost resented any demand upon his stock. One day he explained his lack of a certain article in this fashion:

"Well, you see, people kep' comin' an' comin' for it, an' they brought me out just as fast as I got it in. So I stopped keepin' it!"—Exchange.

Skinned.

Two valuable cows belonging to Mr. C. C. Leer died a few nights ago, and some unknown vandal skinned them before morning.

There have been a number of such cases recently, and the Cynthiana Democrat recently published an item about a brute skinning a cow while she was living.—Paris Democrat.

Following A Precedent.

He had interested himself in his book during the entire journey. As the train neared the city the colored porter approached him respectfully, saying: "Shall I brush you off, sah?" "No," he replied, without removing his gaze from the book. "I prefer to get off in the usual manner."—Exchange.

Laurel County Votes Bonds.

At an election held April 13, Laurel county voted to issue bonds to the amount of \$100,000 for road building. The proposition carried at the ratio of about 5 to 1, there being about 2,000 votes for and 400 against it.—State Journal.

Facts About the Race

For Commonwealth's Attorney

Grassy Creek, Ky., 4-19-15.
Your scribe, being a democrat and interested in the outcome of the race for Commonwealth's Attorney, was over at Louisa last week attending Circuit Court and concluded to see what the condition was in Lawrence, so I began to make inquiries from as many men as I could from all over the county, and, being a stranger, had no trouble to get ready answers, and I give the conclusions I formed from all I heard. The race in Lawrence county is strictly between Castle and Waugh, with Castle far in the lead, and I give you the reason the assign: That Waugh started in the race for Circuit Judge and run about four months and then by some secret agreement quit and announced for Commonwealth's Attorney after he had pledged that he would not make the race again for that office, and after he had stated that two terms were all that any man should hold the same office. The people are almost a unit against "third terms," especially such long and lucrative ones as this office is, and they say that he is not entitled to consideration when he could so flippantly change from one position to another, without regard to the things he had said and done in the very recent past.

The question naturally came up as to the effect of Sullivan's candidacy upon the race, and I found that each man I talked to had substantially the same opinion as to how many votes Sullivan would get in Lawrence, and it ranged from fifty to one hundred, and striking an average I figured him 75 in the county. One man cited an election that was held in the Graded School district a couple of years ago in which H. C. Sullivan was a candidate for trustee and out of over two hundred votes cast he got only thirteen.

I met many men from Carter county, attending the Tolliver murder trial, and found most of them for Castle.

So taking these things all together, from a disinterested standpoint, it looks like Castle is a sure winner.

A DEMOCRAT.

Knockers.

No business enterprise is ever set afoot but that some self-constituted guardian of private as well as public weal immediately bobs up and gets his hammer into action. Some knockers knock simply for the love of knocking, while others knock because they get their living in that way—because they are paid to thus employ their time. Of the two classes the first is to be pitied because he has no better cause. His brain is an admixture of sewer froth and marsh water. The knocker who knocks for wages—who, for a stipend, retards business development or social or economic reforms would betray his Savior for fewer pieces of silver than Judas Iscariot received for the job. He is a wart on the body politic, a suppurating sore the contamination from which is more to be dreaded than leprosy. This class of knockers ought to be isolated, scourged and compelled to lick each other's wounds for their sustenance.

Cranberry Corners.

The play "Cranberry Corners" was given in the basement of the Christian church Friday night to a large and appreciative audience. The proceeds were divided between the Methodist and Christian churches.

The troupe went to Salsersville Monday and gave the play in the Court house there Monday night. They report a record breaking crowd and a splendid time in the Magoffin county capital.

Go-to-Sunday-School Campaign.

The campaign for one million people in the Sunday Schools of Kentucky on April 25th is being waged by the Kentucky Sunday School Association. The leaders are very enthusiastic over the outlook and are making a conscientious effort to increase the attendance of the Sunday Schools of the State.

Dr. Miles' Anti-Rain Pills for rheumatism

SCHOOL NOTES.

BY H. C. WILSON.

Mrs. Allen is still on the sick list and Mrs. Williams is filling her place in the primary department very acceptably. In fact the work in all the departments is progressing very satisfactorily. Review work is in progress now all along the line, preparatory to final examinations which will take place in about a month.

The next month's work is the most important one of the whole year, and for that reason I request that the parents see to it that their children do as much home study as possible, especially those in the higher grades, and that they do not allow them to be absent from school a single day unless it is absolutely necessary. In fact they cannot afford to miss a single recitation from now on till the close of school.

We have about perfected our plans for commencement work, and we are expecting it to excel both in pleasure and profit any that we have ever had, and I am sure that we can bring it to pass if we will all put forth our very best efforts to the accomplishment of that end. We will publish the commencement work calendar as soon as we shall have completed our programs.

The work in the Normal department seems to be increasing in interest daily and the attendance is very good. It is presumed that all now in attendance, especially those who expect to take the May examination, will continue to the close of school, and we would earnestly urge upon all those not now in school and who expect to take the examination to join the class at once and get the benefit of the final reviews.

All parents are earnestly invited to attend the Parent-Teachers' Association which meets at the school building next Friday afternoon at 3 o'clock. Interesting and helpful topics will be discussed by the parents and the teachers.

Can You Blame Him?

Last night about 12 o'clock, stray dogs got into the fine herd of sheep of Sheriff John Clark on his farm near Mayslick, killing and wounding fifty head. Mr. Clark says the animals were worth about \$10 per head. This is the fourth time this winter that dogs have gotten into the herd and he has now made up his mind to quit raising sheep.

Last Saturday night dogs got into the flock of sheep belonging to Mr. P. P. Parker and killed thirty-two head.—Maysville Public Ledger.

The Frankly Jealous Editor.

The new electric sign in the front window of the Farmer's National bank is attracting considerable attention. The sign is equipped with a series of letters so that any wording desired may be used. Last week it was saying, "Taxes now due, pay at this bank." We are thinking some of borrowing it and putting in the words, "Subscription now due, pay at this office."—Aurelia, Iowa, Sentinel.

Penitence.

If candidates for Governor keep on coming out, they'll get so common somebody will tie them in bunches and sell them six for a nickel. If there is any white male citizen of Kentucky who thinks he is not suitable for gubernatorial timber, will he please rise, hold up his right hand and wink his left eye. Remain standing, please, while the band plays "I'm Afraid to go home in the Dark."—Woodford Sun.

The Jig Is Up Then.

When a lady finds out she can make a speech, the husband may as well put the children in a boarding school, strangle the canary bird and renew his acquaintance with the fellows at the club.—Houston Post.

Great Love.

A New York policeman dismissed for having solicited bribes died of joy on learning that he was to be reinstated. Greater love of graft hath no man than this.—Courier-Journal.

For dullness resulting from constipation use Dr. Miles' Laxative Tablets

It has been estimated that 24,000,000 cubic miles of the average igneous rock would yield, on decomposition, all the sodium of the ocean and the sedimentary rocks. The volume of the sandstones would be approximately 15 per cent of this quantity, or 3,600,000 cubic miles. If the sandstones contain an average pore space of 20 per cent, or 2,520,000 cubic miles, and all of it was once filled with sea water, representing 118,730,000,000 metric tons of sodium, and chemical erosion began at the rate assigned to the rivers, namely, 158,357,000 tons of sodium annually, the entire accumulation would be removed in about 750,000 years.

CANNEL CITY.

Mrs. A. H. Snowden and little daughter, Lucy Elizabeth, returned from Lexington Sunday where they had been visiting Mrs. Snowden's sister, Mrs. W. L. Congleton.

Mrs. J. D. Whiteaker is visiting Mrs. A. H. Whiteaker at Stacy Fork.

Winifred Cox, of West Liberty, is now working in the mines of the Kentucky Block Cannel Coal Co. Winifred will be quite an addition to our social circle.

Mrs. W. E. Bach and daughter were shopping in Jackson Friday.

Harry Jones, of Malone, was in town Saturday.

The many friends of Mr. and Mrs. W. B. Faulkner and Mr. and Mrs. H. H. Gambill will be pleased to know that they are expected home Sunday after a winter in Arizona. Mrs. Faulkner and Mrs. Gambill have been greatly benefitted by their stay in the west.

Mr. and Mrs. G. W. Leslie were visitors at Jackson Friday.

Mrs. W. E. Bach and daughter left Saturday for a visit to Mrs. Bach's mother, Mrs. Fred Day, at Hazel Green.

The "Willing Workers," a club of junior misses, entertained with a pie supper at the Union church Saturday.

Mrs. C. E. Clark was shopping in Jackson Saturday.

Charlie Goodwin, of Manchester, O., is visiting his sister, Mrs. Susan Lykins.

Custer Jones, cashier of the Morgan County National Bank, is attending court at Salsersville this week.

Miss Esther Lykins' Sunday School class, a club of interesting boys, will hold a candy sale at Union church Saturday evening. The most interesting feature will be the presentation of a box of candy to the most popular young lady.

MALONE.

The farmers are very busy plowing and planting corn and burning new grounds.

One day this week while two dogs were fighting a young son of Doney McGuire, while supposed to have been trying to separate them was bitten. The dog was mad of course but not supposed to have had hydrophobia.

The writer has about recovered from the attack of hoarseness mentioned last week.

Rev. L. A. Music of this place attended church at sycamore grove Saturday night and Sunday, and organized a Sunday school in the afternoon Sunday.

We are sorry to note the death of J. C. (Cap) Day, whose remains were brought to the home place Sunday for interment.—Also the death of Johnie Havens, who died last Thursday the 15th. His remains were laid to rest in the Oliver Hanev yard Friday. He left a wife and children and many friends to mourn his departure.

While Gumption and Fairplay are arguing the good road question Providence is doing the work successfully. Thanks for the doer instead of the dreamer.

L. A. LYKINS, Sheriff Morgan County.

and Mrs. J. T. Watts, this week. Misses Ina Cottle and Pearl Howard, of West Liberty, were the guests of Miss Ray Cottle Saturday and Sunday.

J. T. Watts was at Maytown on business the last of the week.

Mrs. Pat Walsh, of Malone, visited her brother, J. T. Davis, Sunday.

Miss Martha Cottle is visiting her sister, Mrs. Jim Roe, at Grassy this week.

Mr. and Mrs. Auty McClain, of West Liberty, and W. T. Caskey, of Lenox, spent Sunday with I. L. Cottle.

Miss Lula Walsh, of West Liberty, visited her sister, Mrs. J. T. Davis, Sunday.

Miss Bertha Byrd spent Sunday with Mrs. Willie Cottle.

Mr. and Mrs. H. M. Davis and Oliver Smallwood visited Mr. and Mrs. Lee McClain at Lenox Sunday.

The young folks met at the Jones' Creek church Sunday and organized a splendid Sunday School. They elected a good Superintendent and some splendid teachers, and if each and every one will do their best it will prove a great success and be very beneficial to our community. LILY.

GRASSY CREEK.

Mrs. Elvira Gevedon, wife of Jesse Gevedon, is at the point of death.

Daniel Peyton, of Upper Grassy, is seriously ill at this writing. Shelby Risner and Elvin Wilson took a nice bunch of cattle to Mt. Sterling this week.

Mrs. Joe McClure and Mrs. T. M. Lacy, of Adele, are visiting relatives on Grassy at this time.

Albert Wells is doing a job of sawing for Amyx Brothers at J. L. Johnson's.

The ordination of T. H. Testerman took place Thursday evening the 15th inst., at Grassy Lick church, at a special meeting appointed for the occasion, in the presence of an immense crowd.

He is a man of ability, and calculated to wield a great influence in the country as a minister of the gospel.

J. Logan Gevedon, and Annie B. Carter were married on 15th inst. about 9 o'clock P. M. at the bride's home, Elder J. L. Ferguson officiating.

J. P. Payton and Miss Clara Payton, were married on the evening of the 15th inst., at the home of the bride's father, Daniel Peyton, Elder J. L. Ferguson officiating.

The telephone line extending from Richard Rudd's, on Grassy, to Caney, is completed and in operation, and is giving general satisfaction.

Died at his home on Stacy Fork of Caney, John Havens, of tuberculosis. He leaves a wife and five children and many friends to mourn his loss.

Mrs. T. M. Steele took seriously ill Saturday but is reported better. Well, I see that Gumption has given Fairplay what he calls a gentle reproof. Well, we will just let it go by that name. I don't like to get into a controversy with a smart man, but it sometimes occurs that a fool will drop an idea that will attract a smart man as in this case. This is the first time that Fairplay has ever been accused of being opposed to civic improvement or any enter-

prise that would tend to build up the country. Gumption is mistaken if he has conceived the idea that Fairplay is opposed to good roads or any thing else that is to the betterment of our country. We all want good roads but the system by which they are to be built is a mooted question. Fairplay stated in his previous article that he was in favor of any system that would produce good roads without bankrupting the county. Don't that cover all the ground, Mr. Gumption? Good roads are the life of a country, and they are indispensable, but think about building a turnpike running from the county seat to the county line in every direction, where the adjoining counties connect. Has Gumption figured the cost?

Christ said when he was on earth: "Which of you intending to build a tower sixteenth not down first? and counteth the cost, whether he have sufficient to finish it?" We should be governed by the same rule, and not go into things blindfolded.

We expended over \$30,000 on our court house and got a partidge trap (so to speak) of which everybody ought to be ashamed, though it does very well in dry weather. Our money is gone and a new court house will be indispensable in the near future. I fear that our turnpike money would be wasted in like manner. Fairplay may have been a little off in the number of miles of road that \$200,000 would build, as he just guessed it off, but I ask Mr. Gumption to show in figures what the proposed turnpike roads pointing every direction would cost the county in actual cash. Yes Gumption Fairplay has lived long enough to see that the late system of not working roads is a failure. We could have good dirt roads yet if we had officers that would put the people to working roads. So far as being a chronic kicker is concerned everybody ought to become a chronic opposer of wrong doing when wrong doing becomes chronic.

Gumption has well said that we should be cautious in our condemnation. And that we are all too prone to lose faith in our fellowmen. We have lost a great deal of money by trusting men. I have lived long enough to know that few men will do to trust. There are good men in Morgan county that will do to trust under any and all circumstances, and if they do they are frowned down. Fairplay confidences everybody whose acts warrant him to do so. So far as our justices are concerned they are all right and I believe they will do the best they can under the circumstances that surrounded them. They are not going to vote such an enormous tax on the people of Morgan unless it is plainly shown in figures what the cost will be. Has Gumption took thought that it takes limestone rock to build pikes, and that we would have nothing but sandstone here, and that we would have to ship the limestone from some other place? A sandstone pike would be but little better than a dirt road.

Fairplay don't mean to knock at anything that is right or that is to the upbuilding of the country if he knows it; but will always

Guard Your Children

Against Bowel Trouble.

Many children at an early age become constipated, and frequently serious consequences result. Not being able to rectify his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance, and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the price is returned. Ask your druggist. A box of 25 doses costs only 25 cents. Never sold in bulk.
